USA Physicians Group, the private practice of the academic physicians at the USA College of Medicine is the region's largest multi-specialty practice and the only academic physicians group along the central Gulf Coast.

Best Doctors, Inc. is a database that uses peer review along with other criteria to determine the most qualified doctors in various fields of medicine. The database seeks physicians whose reputation and expertise put them in the top 5 percent of their specific specialty. To ensure impartiality, physicians cannot pay to be included in the database, nor are they paid for their participation.
