UNIVERSITY OF SOUTH ALABAMA

NEWSLETTER OF THE BIOMEDICAL LIBRARY

APRIL 1, 1980

UNIVERSITY OF SOUTH ALABAMA MOBILE, ALABAMA 36688 VOLUME 2, NUMBER 2

LIBRARY NEWS

New Quarter Break Hours

For the rest of the academic year (1979-80), during the quarter breaks the Campus location only will be open Monday-Friday until 5:00 P.M., thus following the University Library hours. The Medical Center Library will continue its regular hours. Notice of the schedule will be posted before each quarter break giving the hours of both locations.

Director of Libraries Position Sought

The University of South Alabama is currently in the process of searching for a person to fill the position of Director of Libraries. Ads have been placed in major journals and the deadline for application is April 15. If you know of anyone interested in applying contact Peyton McCrary, Department of History, Humanities Building #350 (205-460-6210).

Biological Abstracts Workshop

The Biomedical Library will host a workshop on Biological Abstracts May 16, 1980. Ms. Ann Ferren from BIOSIS will conduct the workshop. A tentative schedule follows:

8:30 - 9:30	Coffee, Registration
9:30 - 11:30	<u>BIOSIS Previews</u> - Technical presentation, search aids, search strategy design
11:30 - 12:30	Lunch
12:30 - 2:00	Profiling workshop - <u>BIOSIS Previews</u>

Anyone interested in attending, please contact Janis Winslett at the Biomedical Library, 460-7043.

Staff News

Robert (Bob) Donnell joins the library faculty as Associate Director. His major responsibilities will be coordinating Public Services. Mr. Donnell comes to us from Oregon State University.

Judy Johnston will be the new Junior Hospital Librarian beginning April 1. Mrs. Johnston was the Circulation Supervisor at the Campus location.

Genny Bush is the new Senior Hospital Librarian. In the past Ms. Bush served as the Junior Hospital Librarian.

We welcome the following new Library Assistants to our staff:

Louise York
Mary Dodd

Marcia Davidoff, Director of the Biomedical Library, attended the Site Visitors Orientation at the American Library Association Mid-Winter Meeting in Chicago on January 20. She has been asked to serve as a site visitor to reaccredit the Atlanta University School of Library and Information Science.

Ms. Davidoff also attended a Board Meeting of the Southeastern Regional Medical Library Program which is Region VI of the National Library of Medicine Extramural Program.

Ms. Davidoff was asked by the Special Libraries Association to interview a candidate for the scholarship/financial aid program for people who have been accepted to ALA accredited library schools.

She is also serving on the Search Committee to fill the position of Director of Libraries.

Elaine Keefer, On-Line Services Coordinator, gave an on-line orientation to the biology students.

The Biomedical Library sponsored a personnel management seminar for the librarians of the Biomedical Library and the University Library. Dr. Ed Harrison of the College of Business and Management Studies taught the seminar.

REFERENCE NOTES

New ILL Charges

Beginning July 1, 1980 the charge for interlibrary loans will be \$5.00 to patrons not affiliated with the University or the College of Medicine.

Citation Format Changes

In order to comply with the American National Standards Institute guidelines, citations in the National Library of Medicine's MEDLINE, Health Administration and Planning, Index Medicus, and other printed indexes will appear in the following format:

For journal article citations:

Stein MK, Downing RW, Rickels K. Self-estimates in anxious and depressed outpatients treated with pharmacotherapy. *Psychol Rep* 1978 Oct;43(2):487-92

For monographic chapters:

Carlsson A, Lindqvist M. Effects of antidepressant agents on monoamine synthesis.
In: *Depressive disorders: symposium, Rome, May 9th-11th, 1977.* Stuttgart; New York: Schattauer Verlag, c1978. (Symposia medica Hoechst; 13) W3 SY1055 v.13 1977. pp. 95-105

The preface to the 1980 Index Medicus states that "it is anticipated that the general adoption of the American National Standards Institute (ANSI) standard by indexing and abstracting services, and by journal and book publishers, may reduce the inconveniences that result from the widely differing styles now prevalent."

ONLINE SERVICES

The National Institute of Mental Health (NIMH) database can now be accessed in the Biomedical Library via BRS (Bibliographic Retrieval Services). There is overlapping of this database with that of Psychological Abstracts in some areas but not in others. One can determine the database of choice by submitting the search profile to another BRS database called CROS. CROS allows the searcher to compare the number of citations that will be retrieved on NIMH versus the number of citations retrieved on PSYC (database for Psychological Abstracts). Production of this database was prompted in part by the high royalties imposed on PSYC in 1979.

DONATIONS

The Biomedical Library would like to express its appreciation to the following individuals for donations which they have made to the Library:

Dr. Paul M. Goldfarb
Mrs. James H. Erwin (the Collection of Dr. James H. Erwin)
Dr. Joseph D. Sapira
Dr. Clyde G. Huggins
Dr. Samuel Eichold and the Franklin Society

SELECTED RECENT ACQUISITIONS

* Denotes items located at the Medical Center location of the Biomedical Library.
